

## Winter in Canada

This is the Polar Bear Plunge. Every New Year's Day, Many Canadians jump into the ocean or river. They're crazy. I don't want to do that. I want to sit in a hot bath and sleep in a warm bed. If you pay me 10000 yen, then maybe I will jump into cold water. Do you want to try the Polar Bear Plunge?

There are many things to do in winter in Canada. Canadians love winter sports. Skating, skiing and snowboarding are very popular. I like skiing. However, the most popular sport is Ice Hockey. Everyone in Canada watches Ice Hockey, and many people play it. What is your favorite winter sport? My favorite sport is Crashed Ice. Four skaters go down a scary ice track. It looks very dangerous!
