

Christmas in Japan

It's almost Christmas. I love Christmas decorations, food and snow. In Canada, Christmas is very important. I spend time with my family and eat lots of food. I usually gain 5kg! In Canada, the day before Christmas is Christmas Eve. The day after Christmas is Boxing Day. My family has a party on Christmas Eve, Christmas and Boxing Day! There is a very big sale on Boxing Day. Many people get up early to go shopping on Boxing Day. Sometimes I go shopping too. But usually I stay home and eat.

This year, I want to go to Sapporo with my friends and see the snow! I want to go skiing and I want to draw many pictures. And I want to eat lots and lots of food! What do you want to do for Christmas?

What presents do you want? What can you do for other people? Merry Christmas and a Happy New Year everyone!
