

### It's time to Fight

I have fought 4 times in Japan. It was very fun. But now I must be serious. My next fight is different. It is a professional kickboxing match. That means I will be on TV, AND I get money! I want to do my best, so I train very hard. I usually go to the gym for three hours. My muscles hurt every day. I'm always tired, but I will keep fighting! I hope you see my fight. I won't lose! My fight is on April second. Please watch it.

### To the third grade students.

I will not see you in April. I have taught you for all three years at Showa. I am very proud of all of you. You are very interesting and kind. I enjoy hearing your thoughtful ideas and jokes. I have many nice memories. In high school, I want you to study hard and have fun too. It is easy to study fun subjects, but it can be difficult to study boring subjects. Please try to enjoy all subjects. That way, studying all subjects will be easy. Please do your best and forget the rest.
